PRIVACY NOTICE

Courageous Persuaders collects non-public personal information about you from information we receive from you on applications, release forms or other forms.

We may not disclose non-public personal information about you to non-affiliated third parties without your consent. We restrict access to your personal and account information to those employees who need to know that information to provide products or services to you in connection with your commercial submission. We maintain physical, electronic, and procedural safeguards that comply with federal regulations to guard your non-public personal information.

CHILDREN'S PRIVACY POLICY

The following paragraphs summarize Courageous Persuaders' privacy policy regarding the collection and use of personal information of children and its compliance with the Children's Online Privacy Protection Act of 1998.

Types of Personal Information Collected: Under the Children's Online Privacy Protection Act, "personal information" is defined as individually identifiable information, such as a first and last name; a home or other physical address including street name and city or town; an e-mail address; a telephone number; and a Social Security number, among others. Although a "child" is defined under the Children's Online Privacy Protection Act as an "individual under the age of 13," Courageous Persuaders applies the Act to any individual under the age of 18. We knowingly collect and use only as much information about a child as necessary for the activity or commercial submission, and do not condition participation in any online activity or submission on the disclosure of more personal information than is reasonably necessary.

Use of Personal Information: We use the information we collect from children only for giving credit to children for work they have created such as in developing or creating a commercial submission, waiving certain rights for such work as stated in the Release Form, and/or for internal business purposes. We contact children by e-mail only in response to their commercial submissions and/or requests for information or assistance.

Parental Notification and Consent: In accordance with the provisions of the Children's Online Privacy Protection Act, we will notify parents when collecting personal information from children, and will seek verifiable parental consent before collecting, using, or disclosing certain personal information from children. Verifiable parental consent may include contacting the parent via email, postal mail, or telephone upon the submission of the consent form by the parent and child to confirm the parent's consent. Parents may review and have their child's personal information deleted and may refuse to permit further collection or use of their child's information by contacting the Courageous Persuaders representatives listed below. Parents may consent to our collection and use of their child's personal information without consenting to the disclosure of that information to others. Parents may revoke their consent at any time.

MUSIC

The only music and sound effects allowed on your entry must come from one of three sources:

1. Courageous Persuaders Free-Use Music; Do not use any published music without permission of owners. This music is ONLY available for the Courageous Persuaders Competition. Any other use is in violation of US copyright laws.
2. Garage Band Software, consistent with the Garage Band Software License Agreement.
3. Your own music you created and performed alone or with your team member.

Please note: other resources/websites for music or sound effects that may indicate "copyright-free" may not be completely and legally copyright-free; use of any music or sound effects from other so-called copyright-free websites will disqualify your entry. Option (c) above, allows you to include work that is original to you. Everyone involved in composing and performing the music and sound effects must sign the Consent Form. You may not play (i.e., "cover") anyone else's music or use their sound effects unless that person is a team member who is available to sign the Consent Form. You may, however, use Garage Band as an element of your original music consistent with the Garage Band Software License Agreement. Do not use any other music, songs, or sound effects.
